meg.a.norris@gmail.com

Experienced content creator with a passion for working with quirky companies, small businesses, and colleagues who don't take themselves too seriously. In my years in the industry I have had the opportunity to work as a social media manager for many small businesses through a local marketing agency while also crushing it as head of social media for the restaurant I work at, organically growing our Instagram following from a few hundred to over 14k.

Experience

enVie – A Vegan Kitchen

Server, Supervisor, FOH manager, Social Media
2013–present

I have been lucky to call enVie my second home for nearly a decade now and in my years there I have had the opportunity to grow and transform my position and responsibilities as the business grew and changed. As a small business with a very small staff I have, at one time or another, been responsible for every aspect of front of house including serving, bartending, scheduling, social media and website content, organizing special events, and so much more. I can't say enough how much I love interacting with guests, making every experience the best it can be, and providing the friendliest service possible.

Red Dragon Marketing

Social Media Manager & Content Creator

2013–2015

Social media consultation, planning and implementation. Creating content and working with a diverse range of businesses to develop social media and newsletter marketing and strategies, and managing their online presence.

Education
